Re: WC Docket No. 14-28 Comments

Dear Chairman Wheeler and the Commissioners of the FCC,

Enclosed are **117,460** individual public comments collected by CREDO Action for submission to the open Internet docket. Individual comments may differ throughout, although the majority read as follows:

“As an Internet user who believes strongly in the importance of a free and open Internet, I urge the FCC to reclassify broadband Internet access as a telecommunications service, and save Net Neutrality.

In addition, the FCC should reject the proposed rules that would allow Internet service providers to divide the Internet into fast lanes for wealthy corporations and slow lanes for the rest of us.”

The comments have been split into 24 documents in order to facilitate uploading to the FCC website. This is the first of the four submissions.

Please contact me if you have any questions about the attached comment submissions.

Sincerely,

Becky Bond
