Huge mergers like this are wiping out our old American values that this country was founded for. They are bringing in foreign values, ideas, language rather than striving to keep AMERICAN values. American cities were started mostly by rural citizens first, so PLEASE HEAR OUR VOICES to be sure that such mergers MUST strive to keep rural America and RFD-TV and all other independent programming ON THE AIR. They have some of the best TV PROGRAMS of ANY NOW AIRED. WE support RFD-TV's rural, independent programming.
