As it is your obligation to serve ALL the people in our country, I am asking that you PLEASE be sure the importance of rural, family-oriented programming be recognized and not ignored and not removed for our viewing pleasure. My family and I live in the rural community of Northern NV and are long-time watchers of rural tv and all the other affiliated stations of RFD-TV. It would be wrong for our family's needs and a large segment of the country's rural community's needs be ignored. PLEASE don't let this happen. Do the right thing! Thank you.
