RFD-TV has been a breath of fresh air since I discovered the channel. It is "real" America, the fiber of which is overlooked so often by sit coms filled with racy content and reality shows depicting the worst sides of humanity in many cases. The entertainment RFD TV provides is classic Americana, nowhere else can you find such content and it is the only station providing such wholesome entertainment.. We need RFD TV on Direct TV and ATT. As a Direct TV client, I hope that you will continue to carry this important channel. Thank you.
