RFD TV provides the best family coverage of rural America where food & fiber is produced. Along with good daily market reports which are reported timely throughout the daily market trading hours.

Also enjoy the rodeo's & all the country shows. Such as Hee Haw, Larry's country diner, Presley's & many more shows from Nashville, Tennessee.

90 percent of our tv watching in our household is watching RFD TV.

Especially the Superior livestock auction, there is no other place on TV to buy & sell cattle from the comfort of your own home & know the product is 100 percent true. We do not want to lose this channel.
