

7521730647.txt

I have read that RFD TV will be dropped after the AT&T/Directv merger. This is unacceptable, because RFD TV is a reliable and informative source of important news and human interest broadcasting. Do not allow this to happen! Many people stay in touch with interests that matter to Americans through RFD TV broadcasts, and these interests are wonderfully wide. All are respectfully presented by this excellent television station. Keep RFD TV!

Thank you, J E Hastings
