Re: *In the Matter of ETC Annual Reports and Certifications, Connect America Fund, A National Broadband Plan for Our Future, Establishing Just and Reasonable Rates for Local Exchange Carriers, High-Cost Universal Service Support, Developing a Unified Inter-carrier Compensation Regime, Federal-State Joint Board on Universal Service, Lifeline and Link-Up, Universal Service Reform – Mobility Fund, WC Docket Nos. 14-58, 10-90, 07-135, 05-337, 03-109, CC Docket Nos. 01-92, 96-45, GN Docket No. 09-51, WT Docket No. 10-208*

Dear Ms. Dortch:

On behalf of Three River Telco (“Three River”), please find enclosed two copies of Three River’s FCC Form 481, along with the redacted versions of the Confidential Financial Information.

Also enclosed are copies of Three River’s redacted five-year service quality improvement plan.

One copy of the FCC Form 481, containing Confidential Financial Information, is being filed under separate cover.

Please do not hesitate to contact me at (402) 441-4315 if you have any questions regarding this submission.

Respectfully submitted,

Jessica Meyer
Consultant
Consortia Consulting, Inc.

<110>	Has your company received its ETC certification from the FCC?	(yes / no) <input type="radio"/> <input checked="" type="radio"/>
<111>	If your answer to Line <110> is yes, do you have an existing §54.202(a) "5 year plan" filed with the FCC?	(yes / no) <input type="radio"/> <input type="radio"/>

If your answer to Line <111> is yes, then you are required to file a progress report, on line <112> delineating the status of your company's existing § 54.202(a) "5 year plan" on file with the FCC, as it relates to your provision of voice telephony service.

371525ne112.pdf

<112> Attach Five-Year Service Quality Improvement Plan or, in subsequent years, your annual progress report filed pursuant to 47 C.F.R. § 54.313(a)(1). If your company is a CETC which only receives frozen support, your progress report is only required to address voice telephony service.

Name of Attached Document

Please check these boxes below to confirm that the attached documents(s), on line 112, contains a progress report on its five-year service quality improvement plan pursuant to § 54.202(a). The information shall be submitted at the wire center level or census block as appropriate.

- <113> Maps detailing progress towards meeting plan targets
- <114> Report how much universal service (USF) support was received
- <115> How (USF) was used to improve service quality
- <116> How (USF) was used to improve service coverage
- <117> How (USF) was used to improve service capacity
- <118> Provide an explanation of network improvement targets not met in the prior calendar year.

Attachments

Three River Telco
Ability to Remain Functional in Emergency Situations
Applies to Voice and Broadband Services
FCC Form 481 – Line 610

1. Three River Telco (TRT) has been providing high quality service in Nebraska since 1955. This includes operating in adverse conditions including blizzards, ice storms, thunderstorms, tornadoes and during prolonged power outages. TRT's management team, plant supervisors, plant technicians and customer service representatives have the training, experience and equipment necessary to respond to, manage and operate in emergency situations.
2. Three River Telco follows applicable Rural Utilities Service (RUS) Telecommunications program practices and guidelines including the Telecommunications Engineering and Construction Manual (TE&CM) and other industry standards available to small telecommunications carriers. Three River Telco also meets the requirements of the Nebraska Public Service Commission (NPSC) as applied to local exchange service.
3. Back-Up Power
 - 3.1. Central Office
 - 3.1.1. Three River Telco maintains storage batteries in each central office designed to provide a minimum reserve capacity consistent with RUS TE&CM 1751E-302, Power Requirements for Digital Central Office Equipment. 1751E-302 paragraph 2.3.4 recommends a minimum reserve capacity of 8 hours, or 3 hours if the central office is equipped with an emergency standby generator. This is consistent with Title 291, NPSC Telecommunications Rules and Regulations, Chapter 5, paragraph 002.05 Emergency Operations and Power.
 - 3.1.2. Three River Telco maintains a dedicated standby generator fueled with a 500 or 1000 gallon reserve supply of liquid propane gas (LPG) at each central office location. The standby unit is equipped with an automatic transfer switch so that in the event of an interruption of the commercial electric power lasting more than a few minutes, the standby generator starts automatically and provides electrical power to the central office equipment, air conditioning and building lighting. The automatic transfer switch also exercises the standby unit periodically and an alarm indication is sent if the standby generator does not start so that telecommunications personnel can perform proactive maintenance.

Three River Telco
Ability to Remain Functional in Emergency Situations
Applies to Voice and Broadband Services
FCC Form 481 – Line 610

3.2. Optical Network Terminations (ONT's)

3.2.1. Fiber-to-the-Premises (FTTP) technology has been deployed and the ONT's are powered by micro-uninterruptable power supplies (UPS) located on the customer premises and powered from the customer's commercial electrical power. The UPS batteries are specified for a minimum of eight hours of reserve capacity. The FTTP electronics system monitors the ONT's and notifies TRT's maintenance personnel when any ONT's batteries are no longer capable of holding the charge required for the designed battery reserve capacity so that TRT can work with the customer to replace the UPS batteries. TRT also maintains a cache of UPS's for routine and emergency replacement.

4. Rerouting Traffic around Damaged Facilities

4.1. In the event of damage to cable facilities owned by Three River Telco, our maintenance personnel would restore service using emergency splice kits kept on hand for these types of service disruptions. If the damaged facilities are not owned by Three River Telco we would work with the carrier directly affected to identify the source of disruption and the estimated amount of time before service is restored.

4.2. For those TRT central office locations which have diverse cable routes or are part of a fiber optic ring, critical circuits such as 911 trunks and SS7 A-links are assigned to diverse routes to the extent that this can be coordinated with the connecting carrier(s). Every effort is made to assign critical circuits over diverse facilities where available so that a single outage does not isolate customers from critical services.

4.3. In the event of an extended outage, contact would be made with another service provider which has a separate, physical cable connection with TRT to provision temporary alternate routes supporting originating and terminating toll calls. Emphasis would first be placed on establishing connections to nearby PSAP, law-enforcement and emergency services.

Three River Telco
Ability to Remain Functional in Emergency Situations
Applies to Voice and Broadband Services
FCC Form 481 – Line 610

5. Managing Traffic Spikes

- 5.1. Three River Telco meets Title 291, NPSC Telecommunications Rules and Regulations, Chapter 5, paragraph 002.12 Dial Service Objectives for sufficient central office capacity and equipment during the "...average busy hour-busy season..."
- 5.2. Three River Telco follows applicable RUS practices 522 and 322 when specifying, administrating, and assigning facilities within its control (as opposed to facilities ordered by connecting interexchange carriers).
- 5.3. The Lynch central office switch is a Genband DMS-10 operating at the 602.20 software release. The Lynch DMS-10 and associated remotes are equipped with 1200 access lines. The DMS-10 is designed to support up to 12,000 access lines by adding line and trunk interface equipment and network equipment only. In its current configuration the Lynch DMS-10 has additional capacity over and above the minimums specified to meet NPSC and RUS guidelines.
- 5.4. When traffic volumes greatly exceed specified criteria and additional capacity of the switch or connecting facilities, the DMS-10 continues to process calls but with potentially longer waiting times for dial tone, higher post-dialing delays and a higher probability of callers receiving all trunks busy indications (fast busy) and having to redial calls. Depending on the magnitude and duration of extreme peak demand, TRT would examine alternatives such as provisioning additional facilities and work with connecting carriers to expedite additional capacity.

Three River Telco

Nebraska Telephone Assistance Program Terms and Conditions

Nebraska Telephone Assistance Program

The Nebraska Telephone Assistance Program (NTAP) is available for qualifying customers of Three River Telco (the "Company"). NTAP assistance reduces the cost of basic, monthly local telephone service. Eligible consumers can receive up to \$12.75 per month in discounts. In addition, the Federal Universal Service Charge is not assessed to consumers participating in NTAP. Toll Blocking prevents the placement of all long distance calls for which a subscriber would be charged. Toll blocking is available to eligible consumers at no cost. Also, by choosing this option, consumers are usually not charged a deposit.

NTAP is administered by the Nebraska Public Service Commission.

NTAP Eligibility Information

Program Based Eligibility

To qualify for NTAP, subscribers must either have an income that is at or below 135% of the Federal Poverty Guidelines, or the subscriber, one or more of the subscriber's dependents, or the subscriber's household must receive benefits from one of the following assistance programs:

- Low-Income Home Energy Assistance Program (LIHEAP)
- Federal Public Housing Assistance (Section 8)
- Medicaid
- Children's Health Insurance Program/Kids Connection (SAM, MAC or EMAC)
- Supplemental Nutrition Assistance Program (SNAP); (formerly the Food Stamps Program)
- Supplemental Security Income (SSI)
- Temporary Assistance for Needy Families (TANF)
- National School Lunch Program Free Lunch program
- State assistance programs (if applicable)

To receive an NTAP application, contact your local *Health and Human Services* agency caseworker or the *Nebraska Public Service Commission*, 1200 N Street, Suite 300, PO Box 94927, Lincoln, NE 68508-4927, Phone: 402-471-3101, Toll Free: 1-800-526-0017 or <https://ntap.gisworkshop.com/>

NTAP applicants must present documentation demonstrating eligibility either through participation in one of the qualifying federal assistance programs or through income-based means.

Acceptable documentation of program-based eligibility includes: current or prior year's statement of benefits from a qualifying state, federal or Tribal program; notice letter of participation in a qualifying state, federal or Tribal program; program participation documents; or another official document evidencing the consumer's participation in a qualifying state, federal or Tribal program.

Income Based Eligibility

In addition, consumers are eligible for NTAP if their household income is at or below 135% of the federal poverty guidelines.

2014 Federal Poverty Guidelines – 135%

Household Size	48 Contiguous States and D.C.	Alaska	Hawaii
1	\$15,755	\$19,683	\$18,117
2	\$21,236	\$26,541	\$24,422
3	\$26,717	\$33,399	\$30,726
4	\$32,198	\$40,257	\$37,031
5	\$37,679	\$47,115	\$43,335
6	\$43,160	\$53,973	\$49,640
7	\$48,641	\$60,831	\$55,944
8	\$54,122	\$67,689	\$62,249
For each additional person, add	\$5,481	\$6,858	\$6,305

Acceptable documentation of income eligibility includes: prior year's state, federal or Tribal tax return; current income statement from an employer or paycheck stub; social security statement of benefits; Veterans Administration statement of benefits; retirement/pension statement of benefits; unemployment/workmen's compensation statement of benefits; federal or Tribal notice of letter participating in General Assistance; or a divorce decree or child support award or other official document containing income information.

Numbers of Minutes-of-Use Provided as Part of NTAP Program Service

The Company's Voice NTAP service includes unlimited local minutes-of-use within the toll-free calling area. The Company's Voice NTAP Plan does not include any free minutes-of-use for toll. Toll is billed at the standard toll rate depending on which interexchange carrier the consumer subscribes to for toll service. As part of the NTAP service, Toll blocking is available to eligible consumers at no cost.

Rates

Subscribers may receive the NTAP credit on any type or grade of local service, including bundled services that are normally offered by the Company. Advertised rates do not include any applicable taxes or surcharges.

Recertification of NTAP Eligibility

NTAP recipients are required to recertify their eligibility annually. Failure to properly recertify a recipient's continued eligibility for NTAP will result in termination of the NTAP recipient's monthly NTAP discount and de-enrollment from NTAP.

Additional NTAP Program Information

NTAP is limited to one benefit per household, consisting of either wireline or wireless service. A household is defined as an individual or group of individuals who live together at the same address and share income and expenses. NTAP is a government benefit program, and consumers who willfully make false statements in order to obtain the benefit can be punished by fine or imprisonment or can be barred from the program.

Three River Telco

Certification of Compliance with Applicable Service Quality Standards and Consumer Protection Rules for Voice and Broadband Services

Service quality standards and consumer protection rules for broadband are not as defined as the rules for voice services. The Company complies with any service quality standards and consumer protection rules for broadband that are out there now and any that will be defined in the future.

Service Quality Standards

For voice services, the Company:

- Provides voice grade access to the public switched network.
- Provides flat rated local exchange service with no additional charge to end users.
- Provides access to the emergency services provided by local government or other public safety organizations, such as 911 and enhanced 911.
- Provides toll blocking and toll limitation services.

For voice and broadband services, the Company:

- Advertises the availability of its services and the charges using media of general distribution and/or on its website.
- Maintains a business office providing customers with access to a customer service representative either in person or via a local telephone call or toll-free telephone number during business hours.
- Directs after hour calls to the Company's help desk.
- Directs trouble reports to the on-call technician.
- Tracks all service orders to ensure they are completed in a timely manner.
- Measures its service connection and service interruption performance on a regular basis.
- Trains employees to:
 - Answer all incoming calls promptly.
 - Respond to all inquiries for information promptly and courteously.
 - Investigate thoroughly all customer complaints and handle appropriately according to the Company's guidelines for resolution of customer complaints.
 - Be knowledgeable about products and service offerings so they can assist the customer with selecting the best service option.
- Has a process for periodic inspection, testing and preventive maintenance of its equipment to permit the rendering of safe, adequate and continuous service at all times.
- Meets or exceeds the standards established by the state commission and provides any reports required in accordance with the state commission's rules.

Consumer Protection Rules

The Company has established operating procedures designed to facilitate compliance with applicable consumer protection rules which include compliance with the Customer Proprietary Network Information (CPNI) rules. The operating procedures include:

- Appointment of a compliance officer.
- A manual detailing the specific procedures for protecting consumer information.
- Employee training on an annual basis.
- A disciplinary process for improper use of consumer information.

If complaints are filed with the Company regarding consumer protection rules, the complaint is immediately investigated, the matter tracked and any corrective action noted. This process ensures that problems are addressed and corrections made.

REDACTED - FOR PUBLIC INSPECTION

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0572-0031. The time required to complete this information collection is estimated to average 4 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

Five-Year Plan Language Three River Telco

Pursuant to 47 C.F.R. 54.202(a)(1)(ii), Three River Telco submits a five-year plan that describes with specificity proposed improvements or upgrades to its network throughout its proposed service area. Three River Telco also provides estimates regarding the area and population that will be served as a result of the improvements. This plan is based on Three River Telco's current business and financial conditions and is subject to change as a result of changes in those conditions.

Pursuant to 47 C.F.R. 54.313, in each subsequent year, Three River Telco will file a progress report on its five-year service quality improvement plan pursuant to 54.202(a), including maps detailing its progress towards meeting its plan targets, an explanation of how much universal service support was received and how it was used to improve service quality, coverage, or capacity, and an explanation regarding any network improvement targets that have not been fulfilled in the prior calendar year.

As of January 1, 2014, [REDACTED] of the subscribers in each of the Three River Telco wire centers have access to broadband Internet service through Three River Telco fiber optic and or copper facilities. Subscribers served by these facilities have access that meets or exceeds the 4/1 Mbps standard. No capital improvements are required for those subscribers meeting the 4/1 Mbps standard other than maintenance of facilities and as such, no capital investment to these subscribers is outlined in this plan.

Although no capital improvements are required in the Three River Telco wire centers to bring subscribers to the 4/1 Mbps standard, Three River Telco incurred approximately [REDACTED] in depreciation expense and [REDACTED] in on-going maintenance and operating expenses in calendar year 2013. It is reasonable to expect depreciation, maintenance, and operating expenses for the 2015 through 2019 calendar years.

REDACTED - FOR PUBLIC INSPECTION

Five - Year Plan Template
 Three River Telco
 All Wire Centers

Year #	Planned Dollar Amount Capital Improvement (CAPx)	Estimated # of Square Miles Served by Capital Improvement	Estimated Population Served By Capital Improvement	Depreciation Expense Associated with Network Improvements Years 1 through 5 (Note 1)	Depreciation Expense Associated with Network Improvements for Years Prior to Year 1	On-going Maintenance/ Operating Expense
Existing Expense- Total Company	x	x	x	x	\$	\$
1 01/01/2015 to 12/31/2015	\$ -			NA	x	x
2 01/01/2016 to 12/31/2016	\$ -			NA	x	x
3 01/01/2017 to 12/31/2017	\$ -			NA	x	x
4 01/01/2018 to 12/31/2018	\$ -			NA	x	x
5 01/01/2019 to 12/31/2019	\$ -			NA	x	x

Since no incremental capital is forecasted through 2019 for broadband deployment, no incremental depreciation expense is forecasted through 2019.

Depreciation expense for Three River Telco was approximately [REDACTED] in 2013.

On-going operating expenses excluding depreciation expense was approximately [REDACTED] for Three River Telco in 2013.
