## REQUIRED INFORMATION AND DOCUMENTATION FOR NEW PETITION FOR EXEMPTION FROM TELEVISION CLOSED CAPTIONING REQUIREMENTS

1. **Name of Program:** Grace To You Broadcast...for an entire channel on KPLC TV 7...  
Lake Charles, LA...Sunday mornings at 9:30 a.m. central.
2. **The Cost:** To have the program captioned for us by KPLC would be an additional \$85.00 a week per broadcast.
  - a. To purchase the program and produce the captioning our selves would include the following quotes....

MacCaption | CaptionMaker, *Desktop Edition* – \$1,095

### Create closed captions from scratch.

You can author the captions by bringing in a video and a text file, and use Auto Time Stamp to automatically sync them up. You can import and export the captions to popular file formats like SCC (CEA-608), MCC (CEA-708), Timed Text, WebVTT, DVD closed captions, burn-in subtitles, and most standalone file formats for web and mobile device video closed captioning.

***Price includes 1st year of Premium Support.***

### Mac OS X Version

- MacCaption Desktop (Mac) – \$1,095  
(Includes 1 Year Premium Support)

### Windows Version

- CaptionMaker Desktop (Windows) – \$1,095  
(Includes 1 Year Premium Support)

MacCaption | CaptionMaker, *Pro Edition* – \$5,750

**Includes all the features of the Desktop Edition.**

Pro adds support for embedding CEA-708/608 captions into (and extracting captions from) broadcast TV formats like MPEG-2, H.264, MXF, QuickTime ProRes, and Avid AAF. You can also import many professional caption interchange formats such as CAP, TDS, ULT, PAC, and EBU-STL for editing and conversion to CEA-708 captions. Pro also supports subtitle overlays, professional DVD & Blu-ray subtitling formats, and live captioning. *Price includes 1st year of Premium Support.*

**Mac OS X Version**

- MacCaption Pro (Mac) – \$5,750  
(Includes 1 Year Premium Support)

**Windows Version**

- CaptionMaker Pro (Windows) – \$5,750  
(Includes 1 Year Premium Support)

- b. In addition to the cost of the programs...additional man hours would be needed to produce the broadcast including captions...which would significantly affected the cost of production.
- 3. The Impact of Captioning on Programming Activities:** If required to produce programs with closed captions...our abilities to continue to provide a quality product to the community on an consistent basis which may result in the cancellation of the contract with KPLC TV.

Respectfully Submitted,
