

1777 Reisterstown Rd • Pikesville, MD 21208 • (410) 653-1434
Open Monday-Friday 10:00am-6:00pm

July 21, 2014

Comment:

The volume of “junk” faxes received goes beyond frustration. The worst offenders are those that are doing it recklessly. They understand that it violates federal law. The use unlisted telephone number and disposable cell phones. Even with subpoenas it is extremely difficult to locate the actual senders. It is nearly impossible to stop them. For example, every time it rains or threatens to rain I receive countless faxes from roofers that are untraceable.
