FCC

I am viewing RFD-TV on Direct TV. I would like to put my say in that if Direct TV does not continue to carry RFD-TV I will be looking at another provider. I would also like to put my input on the states out west that the ones that lost RFD-TV to AL Jazeera America. It really upsets me about this, to say the least. I am 42 years old and lived rural and urban areas. RFD-TV is one of the last stations that is educational and entertaining that I would let a child of any age watch, that has to mean something. What are we coming to if we lose this channel?
