

7521736759.txt

RFD had been such a bright spot in our lives since it's beginning. It is a place to connect to our past and future. We are horse and cattle people so we especially enjoy those type of shows.

It may be to your surprise but I know several people that aren't horse or cattle people that also watch RFD and say they would be lost without it. It is so nice to have a channel that doesn't have all the smut or stupid shows, just good family entertainment.

Please don't deny this channel to our families that enjoy it so much.

Thank you, Kendra
