My name is Mike Econopmides. The FCC forced me to purchase a new television set based on the promise of more free over-the-air channels. Do not shut down my local LPTV station. I want more free channels, not less. My wife and I are seniors living on a fixed income so, I bought a \$50.- indoor TV antenna so we could afford to have some TV channels. The airways have always been in the public domain and no one should have a monopoly of the airways. Low-power TV stations that have operated in good faith and have complied with their license should be protected and kept on the air.
