We support RFD-TV & Rural TV. They are family & lifestyle oriented. RFD-TV & Rural TV are the only stations that provide unique programming which include equestrian & quilting activities. Urban programming is becoming less family friendly every day. Murder, sex, sexual innuendo & bathroom humor are the focus of much of today's programming. We urge the FCC to insure that any merger that may take place must include RFD-TV & Rural TV in order to provide balanced programming for all viewers.
