Demonstration of Compliance with Applicable Service Quality Standards and Consumer Protection Rules

TeleGuam Holdings LLC (“Company”) certifies that it adheres to the eleven points within the CTIA Consumer Code, including disclosing rates, additional taxes, fees, surcharges and terms of service; providing coverage maps; making customer service readily accessible; and allowing a trial period for new service.

1. COMPANY DISCLOSES RATES AND TERMS OF SERVICE TO CONSUMERS

For each service plan offered to new consumers, Company discloses to consumers at point of sale and on its web sites, at least the following information, as applicable: (a) the coverage area for the service; (b) any activation or initiation fee; (c) the monthly access fee or base charge; (d) the amount and nature of any voice, messaging, or data allowances included in the plan (such as night and weekend minutes); (e) the charges for domestic usage in excess of any included allowances or outside of the coverage area; (f) for prepaid service plans, the period of time during which any balance is available for use; (g) whether there are prohibitions on data service usage and whether there are network management practices that will have a material impact on the customer's wireless data experience; (h) whether any additional taxes, fees or surcharges apply; (i) the amount or range of any such fees or surcharges that are collected and retained by the carrier; (j) the amount or nature of any late payment fee; (k) whether a fixed-term contract is required and its duration; (l) the amount and nature of any early termination fee that may apply; and (m) the trial period during which a consumer may cancel service without any early termination fee, as long as the consumer complies with any applicable return policy.

2. COMPANY MAKES AVAILABLE MAPS SHOWING WHERE SERVICE IS GENERALLY AVAILABLE

Company makes available at point of sale and on its web sites maps depicting approximate domestic coverage applicable to each of their service plans currently offered to consumers. To enable consumers to make comparisons among carriers, Company generated this map using generally accepted methodologies and standards to depict outdoor coverage. All such maps will contain or link to an appropriate legend concerning limitations and/or variations in wireless coverage and map usage, including any geographic limitations on the availability of any services included in the plan. Company periodically updates such maps as necessary to keep them reasonably current. If necessary to show the extent of service coverage available to customers from carriers' roaming partners, Company incorporates coverage maps from roaming partners that are generated using similar industry-accepted criteria, or if such information is not available, incorporate publicly available information regarding roaming partners' coverage areas.

3. COMPANY PROVIDES CONTRACT TERMS TO CUSTOMERS AND CONFIRMS CHANGES IN SERVICE

When a customer initiates new service or a change in existing service, Company provides or confirms any new material terms and conditions of the ongoing service with the customer.

4. COMPANY ALLOWS A TRIAL PERIOD FOR NEW SERVICE

When a customer initiates postpaid service with Company, the customer will be informed of and

given a period of not less than 14 days to try out the service. Company does not impose an early termination fee if the customer cancels service within this period, provided that the customer complies with applicable return and/or exchange policies. Other charges, including usage charges, may still apply.

5. COMPANY PROVIDES SPECIFIC DISCLOSURES IN ADVERTISING

In advertising of prices for wireless service plans or devices, Company discloses material charges and conditions related to the advertised prices and services, including if applicable and to the extent the advertising medium reasonably allows: (a) whether activation or initiation fees apply; (b) monthly access fees or base charges; (c) the amount and nature of any voice, messaging, or data service allowances included in the plan; (d) the charges for any domestic usage in excess of any included allowances or outside of the coverage area; (e) for prepaid service plans, the period of time during which any balance is available for use; (f) whether there are network management practices that will have a material impact on the customer's wireless data experience; (g) whether any additional taxes, fees or surcharges apply; (h) the amount or range of any such fees or surcharges that are collected and retained by the carrier; (i) whether a fixed-term contract is required and its duration; (j) early termination fees; (k) the terms and conditions related to receiving a product or service for "free;" (l) for any service plan advertised as "nationwide," (or using similar terms), the carrier will have available substantiation for this claim; and (i) whether prices or benefits apply only for a limited time or promotional period and, if so, whether any different fees or charges will apply for the remainder of the contract term.

6. COMPANY SEPARATELY IDENTIFIES CARRIER CHARGES FROM TAXES ON BILLING STATEMENTS

On customers' bills, Company distinguishes (a) monthly charges for service and features, and other Charges collected and retained by Company, from (b) taxes, fees and other charges collected by Company and remitted to federal state or local governments. Company will not label cost recovery fees or charges as taxes.

7. COMPANY PROVIDES CUSTOMERS THE RIGHT TO TERMINATE SERVICE FOR CHANGES TO CONTRACT TERMS

Company will not modify the material terms of their postpaid customers' contracts in a manner that is materially adverse to those customers without providing a reasonable advance notice of a proposed modification and allowing those customers a time period of not less than 14 days to cancel their contracts with no early termination fee.

8. COMPANY PROVIDES READY ACCESS TO CUSTOMER SERVICE

Customers will be provided a toll-free telephone number to access Company' customer service during normal business hours. Customer service contact information will be provided to customers online and on billing statements. Company provides information about how customers can contact the carrier in writing, by toll-free telephone number, via the Internet or otherwise with any inquiries or complaints, and this information is included, at a minimum, on all billing statements, in written responses to customer inquiries and on Company' web sites. Company also makes such contact information available, upon request, to any customer calling customer service

departments.

9. COMPANY PROMPTLY RESPONDS TO CONSUMER INQUIRIES AND COMPLAINTS RECEIVED FROM GOVERNMENT AGENCIES

Company responds in writing to state or federal administrative agencies within 30 days of receiving written consumer complaints from any such agency.

10. COMPANY ABIDES BY POLICIES FOR PROTECTION OF CUSTOMER PRIVACY

Company abides by a policy regarding the privacy of customer information in accordance with applicable federal and state laws, and makes available to the public its privacy policy concerning information collected online. Company abides by the CTIA Best Practices and Guidelines or Location-Based Services.

11. COMPANY PROVIDES CONSUMERS WITH FREE NOTIFICATIONS FOR VOICE, DATA AND MESSAGING USAGE, AND INTERNATIONAL ROAMING

Company provides, at no charge: (a) a notification to consumers of currently-offered and future domestic wireless plans that include limited data allowances when consumers approach and exceed their allowance for data usage and will incur overage charges; (b) a notification to consumers of currently-offered and future domestic voice and messaging plans that include limited voice and messaging allowances when consumers approach and exceed their allowance for those services and will incur overage charges; and (c) a notification to consumers without an international roaming plan/package whose devices have registered abroad and who may incur charges for international usage. Company generates the notifications described above to postpaid consumers based on information available at the time the notification is sent. Wireless consumers will not have to affirmatively sign up in order for these notifications to be sent. Company clearly and conspicuously discloses tools or services that enable consumers to track, monitor and/or set limits on voice, messaging and data usage.

TeleGuam Holdings LLC's Demonstration of Ability to Function in Emergency Situations

TeleGuam Holdings LLC fka Pulse Mobile, LLC ("Company") hereby certifies that it is able to function in emergency situations as set forth in §54.201(a)(2).¹ The Company's voice and broadband network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations will also allow the Company to manage traffic spikes throughout its network, as emergency situations require. Pulse Mobile, LLC's infrastructure consists of switching, trunking, cell sites, and network equipment, together with other enhancements to the network.

Specifically, each Mobile Telephone Switching Office ("MTSO") is supplied with standby generators and battery back-up that enable the central office to keep running until power is restored so long as fuel is available, or until system changes are made to reroute traffic. The Company has battery backup at all office locations and in its electronic equipment sites. Length of run time is determined by the equipment serving the area and the number of customers working out of the equipment. Generators are installed at all

¹ Section 54.201(a)(2) requires ETCs that are designated by the Commission to "demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations."

MTSO locations. They will continue to run as long as the Company has access to propane.
