

Why Net Neutrality is important for all of us?

1. A free and open internet is the single greatest technology of our time, and control should not be at the mercy of corporations.
2. A free and open internet stimulates ISP competition.
3. A free and open internet helps prevent unfair pricing practices.
4. A free and open internet promotes innovation.
5. A free and open internet promotes the spread of ideas.
6. A free and open internet drives entrepreneurship.
7. A free and open internet protects freedom of speech.

Without an open internet, big corporations would have tight control over how we access websites and services. Please do your part to keep the internet a cornerstone of freedom and opportunity.
