Regarding RM-11727

As operator of FM radio stations in a rural market, I support the FM Clas C4 / 73.215 petition that was filed by SSR Communications and urge the Commission to adopt the proposal.

The rural markets need to reach sparsely-populated geographical areas, and the jump from A to C3 is not always possible due to the proliferation of major market move-ins. The C4 proposal would help some of these rural stations reach more of these geographical areas, and would provide a Class upgrade more compatible with the other FM Classes, without infringing on any existing allocations.

Sincerely,

William J. Wolfenbarger, President
