Re: WC Docket No. 14-93 FCC Form 505 - Connect America Phase II Challenge

Chariton Valley Telecom Corporation (CV Telecom) does hereby challenge the blocks included in this Form 505 as being eligible to be served. CV Telecom is an unsubsidized CLEC-Competitive Local Exchange Carrier who provides Voice and Broadband via fiber to the home. CV Telecom has fixed based facilities in the census blocks listed, but has not been able to acquire a customer from each of the blocks identified in this Form 505. Therefore, CV Telecom is requesting a waiver of this requirement. CV Telecom can provide the services required in this Challenge upon request from any customer residing in the census blocks listed.

CV Telecom meets the following unsubsidized requirements:

- a. Speed – Broadband speeds vary from 1.5 Mbps to 15 Mbps down and 768 Kbps to 4 Mbps up.
- b. Usage Allowance – Currently not measured.
- c. Latency – Round trip network latency is less than 100 ms.
- d. Pricing – Reasonably comparable and the non-promotional price for voice service is \$18.75, below \$46.96, and the non-promotional price for broadband is \$39.99, below the interim benchmark of \$60.

Sincerely,

CHARITON VALLEY TELECOM CORPORATION

James Simon  
General Manager
