Gentlemen: It has come to my attention that the FCC is considering making additional spectrum available to be auctioned, and some LPTV broadcasters may be forced off the air. The very title of the proceeding indicates your mindset, "Expanding the Economic and Innovation Opportunities of Spectrum Through Incentive Auctions". This proceeding would NOT expand my options - IT WOULD ELIMINATE THEM. I am writing to request that my local LPTV be protected. I cannot afford to purchase cable or satellite TV. I tolerate the commercials and poor reception - which did not happen before forced conversion to digital. There are now many free TV stations available with a simple antenna. I enjoy and depend on these stations and strongly urge you to protect them. Low-power TV stations that have operated in good faith and have complied with their license should be protected and kept on the air to give consumers a choice. Thank you. Suzanne Kelly
