Internet

All business services come with priority after-hours support and free static IP address (if requested). See co-mo.net for details. Gigabit is a maximum capacity. Speed is likely to be slower because transport overhead and other locations on the Internet are not yet gigabit-capable. Very few wireless routers support gigabit connection speeds. Gigabit speeds are "best-effort" and not guaranteed. Speeds in the 700 to 900 mbps range are most common on Gigabit tier.

Telephone

Unlimited local and long-distance telephone service includes the entire United States, Canada, Dominican Republic, Bahamas, U.S. Virgin Islands, Puerto Rico and Guam. International calling plans are available. Calls to cellular phones are not included in international calling plans. Standard features include three-way calling, number ID, call forwarding, call waiting and voice mail. Additional services available for additional cost. See co-mo.net for details. Prices do not include applicable taxes, regulatory and/or local government franchise fees. Each additional line is \$25/residential, \$35/business. VOIP service provided by Big River Telephone.

Television

Business prices vary for hospitality businesses. Additional HD set top box is \$3.95 a month, additional HD-DVR set top box is \$9.95 a month. HBO, Cinemax, Showtime, Starz/Encore carry an additional charge with all packages except Ultra. Sports package and HD Exclusive package carry an additional charge with all packages. Prices do not include applicable taxes, regulatory and/or local government franchise fees. Call for details or see co-mo.net.

Prices and packages are subject to change.

"I am so impressed with CO-MO Connect! If you have a problem, they are there to help. All it takes is a phone call to them. Thank you CO-MO Connect!" - B.R.-W. on January 29, 2014

"We have been online for a couple of weeks now, absolutely no problems so far. We have a wi-fi router that sends a signal all over the house and out to the porches, even as far as the tree house in the yard. We had 7 wi-fi devices using the router at the same time during the holidays. Everyone was very satisfied with the speed of the fiber. Thank You COMO Connect!" - R.D. on January 21, 2014

Television

Co-Mo Connect television is dependable and affordable. We offer the greatest variety of channels, including all of your favorites. Plus, they are all in high-definition. Add whole-home DVR for only \$5 more and watch shows on your own schedule.
