Dear Sir or Madam:

I am writing to express my opposition to the proposed merger of Direct TV and ATT.

I believe such a merger would reduce competition in the industry and result in fewer options for the consumer.

I also believe such a merger would reduce the quality and quantity of programming now available to the consumer.

For example: I enjoy watching channel RFD TV on Direct TV, however, from what I have read, this channel maybe eliminated from the Direct TV lineup if the proposed merger goes forward.

Therefore based on the foregoing I opposed the proposed merger.
