Re: WC Docket No. 10-90, WC Docket No. 14-93
Connect America Phase II Challenge Process

To Whom It May Concern:

On behalf of Winnebago Cooperative Telephone Association, we have attached for filing FCC Form 505. Winnebago Cooperative Telephone Association seeks confidential treatment under the FCC's Protective Order in WC Docket No. 10-90 for the evidence supporting the challenge. Winnebago Cooperative Telephone Association has submitted these customer bills confidentially via email to Form505@fcc.gov. These customer bills provide evidence of Winnebago Cooperative Telephone Association's broadband and voice service in the specified census blocks. Therefore, Winnebago Cooperative Telephone Association requests the census blocks indicated on the customer bills and the accompanying FCC Form 505 should be deemed as served and removed from the list of areas eligible for Phase II support going forward.
