

EXHIBIT 1

FACTUAL STATEMENT

FACTUAL STATEMENT

I, JR Walden, under the penalty of perjury, do hereby declare:

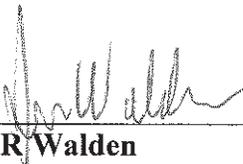

1. I am Senior Vice President of Technology for Mediacom Communications Corporation (“Mediacom”);
2. As Senior Vice President of Technology, I supervise the field and corporate staff who oversee Mediacom’s cable plant and so have detailed knowledge of where Mediacom has customers and facilities and the extent of the service Mediacom offers to those customers.
3. I have reviewed the Wireline Competition Bureau’s list of census blocks that have been deemed initially eligible for funding through Connect America Phase II published with the Bureau’s June 30, 2014 Public Notice;
4. As Senior Vice President of Technology, I know that Mediacom currently Serves – as defined in the Phase II Challenge Process Guide, DA 14-864 – 437 of the census blocks listed as unserved on the Bureau’s list of initially eligible census blocks. The list included as part of Mediacom’s Form 505 in WC Docket No. 14-93 accurately reflects such census blocks.
5. For each and every one of these blocks, Mediacom:
 - (a) offers broadband speeds of at least 4 Mbps downstream and 1 Mbps upstream, a usage allowance of at least 100 GB, and latency of 100 ms or less for prices that are reasonably comparable to that for similar services in an urban area;
 - (b) advertises on its website and otherwise holds itself out to the public as able and willing to provide voice and broadband to customers in that census block;

(c) has wireline voice and broadband-capable physical assets in or adjacent to that census block; and

(d) has or has previously had voice or broadband customers in that census block.

6. I, on behalf of Mediacom, am prepared to produce additional evidence to substantiate these claims to the FCC staff upon request.

Date: August 14, 2014

JR Walden
