family would be disappointed to find out that there would be no RFD TV to watch and enjoy on Direct TV

I realize NJ is a highly urbanized state but there is a reason why it is referred to as "The Garden State" many of its residents still remember when there were acres of farmland throughout the state.. besides the entertaining programs , I also appreciate the great job they do reporting agri-business including future trends and markets in that area.

Independent rural TV would be sorely missed if discontinued...

thank you for your time and attention..

Will Sigle
