We would like to request that you consider keeping RFDTV. It is a valuable tool for rural American farmers and ranchers.

We enjoy the entertainment and the informative talk shows.

It is one of the precious few stations that provide wholesome viewing (can you just imagine what a novel idea).

I get tired of watching the virtual shows with cursing, and violence; and the news stations seem to devote 99% of their energy to letting us know who has been killed, raped or murdered.

There are no other stations that provide the American rancher and farmer with as much information.
