I changed my tv server from Mediacom to Direct tv because of RFD.TV. I enjoy relaxing to country music and informative news. I am so tired of the vulgarity on most channels, who in the world thought the title "Cook your A## off" would make me want to watch! Enough of the junk tv, reality is not REALITY. Most of these shows are grasping for the money and will do anything for their 15 minutes of fame. I say stick with the winner and that is RFD.TV
