I live in town and watch RFDTV every day. It is the only place to get the traditional music many of us love, from the "old" tv shows like Porter Wagner to newer artists like Marty Stewart that play traditional country music along with some Bluegrass and Polka music shows mixed in. Most of my friends live in urban areas and watch RFDTV religiously. RFDTV is not just for the farmers and ranchers. They have many things that you just can't find on "main-stream" tv. Please keep RFDTV on the air.
