RFDTV is my favorite station. I enjoy Molly B Polka, Midwest Country, Jimmy Sturr Polka, HeeHaw, and other entertainment programs. I enjoy the educational shows such as Georgia Farming, Texas Country Reporter, and other attractions that are offered in the United States.

RFDTV programs are all positive. It is uplifting to watch their shows. The AARP discussion group gives me insight into what the various states are implementing to benefit the seniors. The Future Farmers of America convention and shows are really enjoyable for the future of America.

I live in a urban area of Virginia Beach, VA. I enjoy watching farm and western sports. It broadens my horizon.
