RE: *Connect America Fund* – Study Area Boundary Data Collection  
WC Docket Nos. 10-90; 05-337

Dear Ms. Dortch:

In its *Public Notice*<sup>1</sup> in the above referenced dockets, the FCC established procedures for reviewing, reconciling and resubmitting study area boundary data that was used to create an online map of the study area boundaries submitted by ILECs in 2013. These procedures encouraged carriers to resolve any overlaps with neighboring ILECs and engage in discussions to reach resolution.

AT&T was contacted by neighboring ILECs to discuss study area boundary discrepancies based on the map the FCC released. Consistent with the *Public Notice*, AT&T engaged in discussions and exchanged data with those carriers in a good faith effort to resolve those discrepancies.

Based on discussions with a neighboring ILEC, Cameron Telephone Company (SAC 440425), BellSouth Telecommunications, LLC, d/b/a AT&T Louisiana (SAC 275183), agrees that the FCC may conform AT&T Louisiana's boundary to meet Cameron Telephone's boundary. On behalf of AT&T Louisiana, I hereby certify, to the best of my knowledge, information and belief, that the study area boundary data submitted by Cameron Telephone Company is correct and the FCC may modify AT&T Louisiana's boundary accordingly.

Should you have any questions, feel free to contact me.

Sincerely,

**/s/ Anisa A. Latif**

Anisa A. Latif
