Dear Sir, I sincerely hope you retain RFD-TV in your line-up. It is nice to have a family rated channel to watch. I live in the city but I wish I lived in the country. I love all the country music shows on Saturday night. I am a senior and that is Saturday date every week.

The farmers and ranchers need a channel that covers all that kind of news. I think it's the only one that does that. Shouldn't they have that? After all, they produce all of our food !!! No other channel gives them that kind of news. They need all the help they can get. If they go out of business we don't eat very well.
