

7521788584.txt

I am a resident of New Mexico and I am very concerned with the possibility of losing RFDTV on my Directv service.

We can not lose RFDTV!!! I am a dairy farmer and rely heavily on the grain and feed updates along with all the other programming that is available to me now through RFDTV.

New Mexico is one of the largest pecan, chile and cotton producers in the United States and we will be devastated if we lose the ability to watch RFDTV. Not only does it provide reliable information to us farmers but also provides decent programming for the entire family.

Please do not take this away from us.

New Mexico CAN NOT LOOSE RFDTV!!!!

Sincerely,

Stacy Weatherly
