Reasons why Comcast/Time Warner Cable merger is a bad idea: 1. Comcast supports Planned Parenthood while Time Warner Cable does not. According to the most recent Gallup poll, 46% of Americans are pro life. 2. The lowest price Comcast charges for internet service is \$19.99 a month vs. \$14.99 a month for Time Warner Cable. 3. According to the Huffington Post, Comcast is the company with the 4th worst customer service, while Time Warner Cable has the 7th worst customer service. 4. Consumers should be given a choice over which cable company's services to use.
