Dear FCC

I look forward to every saturday just to watch the marty stuart show and presleys just to name two, but theres much, much more for folk like me to watch on RFD TV...in fact about 30% of my tv viewing is on RFD. I have been a customer of Direct TV since 1993 and pay over \$100.00 per month. If we lose RFD in favor of all the junk stations they have, it is a deal braker for me...and it would be a shame to let this happen. Thank you for this opportunity to express my feelings on this matter....
