I am a city resident. I was raised on a dairy farm and honor my rural heritage. RFD TV is not only valuable to America's farmers and ranchers but also valuable to city people. It is a link between them. Our food and fiber are our most needed commodities. City children need to learn they do not come from a store. I now have Direct TV but if they drop RFD TV I will immediately contract with Dish TV and drop Direct TV. Many of my city family and friends feel the same way.
