RFD TV offers numerous programs that folks like to see that offer a variety of subjects. The programming is awesome in that it is FAMILY style of information. America is all about freedom of choices. Let's keep some of the choices for some of us American's that want to see the programs that RFD TV offers. I truly wish they could carry more of Bull riding & rodeos that are filmed. I like the programs offering country (the older style) music. If you haven't watched this station then you should. Saturday nights with the music is very relaxing to listen to. Thank you & I hope you will help us keep this station around!
