I am very disappointed that we might be losing RFDTV from our television lineup. It is one of the most wholesome networks that could be having a good influence on our young people and a most enjoyable station for both children and adults and we are in danger of losing it! If there isn't enough room on the schedule, why not get rid of some of the trashy networks. There are plenty of channels with filthy language and content that could go before RFDTV. In fact, I have gone through my supposedly hundreds of channels I get because of the packages I have to subscribe to in order to get the few channels I want and I have blocked out so many that there are very few left in my lineup and still there are some I would like to get rid of because of the sexy and trashy ads that are on them except that occasionally I do find some programs that are wholesome. No wonder society and our country are in the sad situation we are in today. Please keep RFDTV on the air, for our rural and country audiences. If it weren't for RFDTV, nature, animal, local, children's, sports wildlife, country music and religious channels I would not have television. Too bad they don't have packages that only have wholesome, decent channels on them. Then we would not need to block out the filth and violence coming into our homes. Help us keep our county and urban connections. They can only bring us good! PLEASE, PLEASE LET US KEEP RFDTV!! Thank you.
