I would just like to say that RFD-TV IS A VITAL part of our daily Family television programing , It must stay on the air.!!!!!!!

It is the only television station today where you can turn on & not worry about all the violance & turmoil in the world today. Except for the gospel stations. !!!!

Me & my husband are in full support of all the programming on RFD-TV & they are doing a great job of presenting America, than & now. Thank you for all you do
