

7521812035.txt

I live in the general Houston Area. I have had DirectTV for many years. However, I am very interested in watching RFDTV, I watch it on a regular basis. I grew up on a farm, so naturally, I am interested. If DirectTV does not support that program any longer, then I probably will switch to somebody that does allow it to be shown. I hate to quit DirectTV, so please keep that program.
