

RFD-TV

I oppose this merger because it will result in taking the RFD-TV channel from us. This channel has good family values at its core; a channel where the entire family, adult and more importantly children, can view programming that does not contain obscene and violent video and language. There is so little we can choose to view ourselves and certainly cannot watch with our children or allow them to see on their own it would be such a terrible loss indeed. Let us keep RFD-TV and continue to enjoy wholesome entertainment.
