Too loose rfDTV would be terrible cause for some of us, we rely on the outstanding programs. The horsemanship lessons, cattle info, and even getting a chance to watch rodeos around the country that otherwise we wouldn't see. The high school rodeo, rough stock series etc. if it goes away I will be switching over to dish network in order to continue watching some of my favorite shows. I've learned so much from the likes of Craig Cameron, Tyler Magnus, Chris Cox, Clinton Anderson and so on about how to train and improve my horses and even myself. I can't afford to travel and pay for the private clinic like many others so this is our way of getting the help we need.

Thanks chuck armstead
