At & T / Direct TV.

I believe you are not doing a very good job with what you have let alone trying to squeeze out a network such as RFD-TV.

I understand Direct TV does not do such a good job in the way of service much less in programming of shows on the network.

When companies such as yours get too big for your own good you are unable to do a good job. So take care of what you have and let the Rural Network take care of their network.

If we loose RFD-TV I may as well take our TV to the Dump as that is about the only network we watch most of the time.

WE need more shows such as the Cosby Show, Andy Griffith, Fonz, Andy Williams Variety Show, Joey Bishop (More Musical Variety Shows) etc.

Sincerely,

Barbara Olind,

Baker, Montana 59313
