I do NOT want to see RFDTV taken off my AT&T/Direct TV selections, especially to be replaced by Al Jazeera in which I have zero interest and refuse to watch. I do not think it is fair that I be forced to pay for services such as Al Jazeera, which I do not feel offers patriotic American entertainment shows. This is an insult to Americans and an affront to paying customers. Please, do not allow this substitution to be made. I feel so strongly about it that if it is instituted, not only will I refuse to watch anything on Al Jazeera but I will also seek another service provider. I believe those who have interest in a station like Al Jazeera are a minority group and do not contribute enough to alienate your paying base of customers. I again insist that you do not allow Al Jazeera to be broadcast and to replace RFDTV which is a good wholesome country music show.
