

7521814259.txt

Please protect rural independent programming as RFDTV & Rural TV in the proposed merger of AT&T & Directv. As a condition for approval if they merge, make it mandatory Directv continues to provide this coverage in their basic package.  
Programs on

RFDTV & Rural TV can only be seen on these family channels. Our majority of tv watching is on RFDTV. We enjoy the western sports, rodeos, equine & western lifestyle programs, agriculture markets, ag programs & the rural way of life now & in the past. On their programs, we do not have to worry they will be R rated, but know they are always family orientated.
