

7521820126.txt

I realize that these people who own DIRECT TV and Comcast and Time Warner do not think anyone lives out here in fly over country, but there are people who do. I for one enjoy all the shows on RFD TV. Contrary to the beliefs of your corporate suits some of us enjoy shows about the rural life, animal shows, and perish the thought, country music. There are still people in this country with values who like the family friendly shows on RFD TV. Please keep RFD TV on the air.

Sincerely
Dave R. Prouty
