

7521824606.txt

I have watched RFD-TV for 11 years, in Colorado, in WA state, and in KY. It is not just for farmers, but for horse owners. A brief look at \$\$ spent by horse owners and those involved in equestrian sports will demonstrate that the market is a large one. We love having a channel that we can truly enjoy, which is both entertaining and educational.

I support RFD-TV.
