

7521824825.txt

Dear FCC,

I am in support of RFD-TV and Rural TV programming. I don't understand how a few corporations can screw up so many down to earth Americans. RFT-TV and Rural TV is grassroots programming. From Country's Family Reunion to Molly B, from Campfire Cafe to Rodeos to Kentucky Backroads, these and all other programming are interesting and informative.

Please do not allow AT&T/DirectTV to drop RFD-TV and Rural TV. It's so nice to have family programming that is just plain good.

Thank you.

Denise Novitzke
