I find it un-American and the act of a traitor to our country to end a American TV station and replace it with a station which is anti American and I feel comcast should be put out of the country. If you don't stand with us you are welcome here. And I will boycott them all the way! If your not waving our Flag get the hell out. And if you don't like rual America feed your self and get the hell out of our country!!!!!!!!!!!!!!!!!!!!!!
