

7521825640.txt

I ask you to keep help keep the internet neutral so everyone no matter what he does can have the same chance to compete against big companies, to keep investment on technologies and free market, so everyone can voice their opinion without worrying about being hidden by an ISP, the people will keep the freedom of choice and no company should stop them from having that choice based on the ISP personal choice or opinion.

Please keep the Internet free for everyone.
