

I'll Keep It Simple, **Stupid!**

1. When will you order Sorenson to make their **Sign Mail** interoperable with other Video Relay Service Providers?

2. When will you allow bilingual sign competent and English speaking hearing people to make and receive **Point2Point (P2P)** calls with deaf people

or

When will you require bi-lingual English and non-English hearing people to make and receive **Sound Relay or Sound Interpreters Point2Point (P2P)** calls with non-English speaking people?
