Ms. Marlene H. Dortch  
Secretary  
Federal Communications Commission  
445 12th Street, SW  
Washington, D.C. 20554

**Re: Notice of *Ex Parte* Presentation, GN Docket No. 12-354 & ET Docket No. 14-99**

Dear Ms. Dortch:

On August 29<sup>th</sup>, 2014, Prakash Moorut, Mo Ghorbanzadeh, Larry Svec, Eugene Visotsky, Al Jette, Joseph Schuler and undersigned of Nokia Solutions and Networks US LLC met with Commission staff in person and via teleconference.

Commission staff members in attendance were Kamran Etemad, Navid Golshahi, John Leibovitz, Michael Ha, Paul Powell and Brian Regan.

The purpose of the meeting was for Prakash Moorut, Mo Ghorbanzadeh and Larry Svec to brief the Commission on the results of Nokia studies regarding interference between radar systems and LTE in the 3.5GHz band, LTE synchronization and how to move forward with the Model City Program.

Nokia believed that the Commission staff might find the results of their studies of interest as the 3.5GHz proceeding and Model City Public Notice move forward. They delivered the presentation included as attachment to this *ex parte* notice.

Pursuant to Section 1.1206 of the Commission's rules, 47 C.F.R. § 1.1206, this notice is being filed in the above-captioned proceeding and copies sent via email to the Commission staff present. Please contact the undersigned with any questions in connection with this filing.

Respectfully submitted,

**Nokia Solutions and Networks US LLC**
