Request for Waiver

Thru this letter I am requesting a waiver for the certification filling window for the USAC form 471 #994028. I had a multi-year contract with provider Educational Sevices Network, Corp. (143029803) until June 2016. During the last week of the form 471 deadline (March 24-26 2014) the service provider told us that the charge for the contracted services was going to increase. This monthly increase created a breach of contract with Educational Sevices Network, Corp that required us to start a new bidding process and file a late form 470 (#293600001236526). A new provider was chosen on 04/30/2014 and the form 471 application #994028 was filed.
